Signing agreement for Indonesia project

Plant Dedication Ceremony in Pakistan

Since 1995, Walters Power International has successfully developed and supplied power projects around the world.

## Your Affordable Power Generation Equipment Source

Walters Power International has 10 years of experience in the independent electric power business. Our primary focus is to provide high-quality, name-brand, new or low-hour surplus power generation equipment at a fraction of the price of new. I hope you will contact us to see how much we can reduce the cost of your project.

David Walters  
President
